Established in 1993, the Bright Futures Scholarship Program awards college scholarships to children of Kimberly-Clark employees in the United States and Canada. Each scholarship is worth up to $20,000 ($5,000 per year for up to four years) for full-time students studying at accredited colleges and universities. Since its inception, the program has distributed nearly $32 million in scholarships to more than 1,550 students.

This year, the Foundation received 257 applications and awarded 64 scholarships totaling $1.28 million. Following is the list of students who this year join the scores of K-C family members honored as Bright Futures Scholars. Please join us in congratulating these young people and in wishing them every success in their future endeavors.
